Reference: Policy issued in the Federal Register April 27, 1999

Subject: 207-Minute Extended Range Operations With Two-Engine
Aircraft
(ETOPS) Operation Approval Criteria

Gentlemen,

GE Aircraft Engines has reviewed FAA Docket No. 29547 titled "207-Minute Extended Range Operations With Two-Engine Aircraft (ETOPS) Operation Approval Criteria". GEAE fully support the Air Transport Association request for a FAA Policy Letter on this subject and are in full agreement with the Docket as published in the Federal Register. We are looking forward to approval of this Policy Letter.

We apologize for late response to the request for comments, but hope you will include them in the docket, we would also like to thank the FAA for the opportunity to comment on the referenced material.

Sincerely,

A. L. May
